SABOTAGE

Animals are not brethren,
 they are not underlings;
 they are other nations,
 caught with ourselves in
 the net of life and time.
 Henry Beston.

Dear Madam,
 The least owner of your fur coat died in it.
 Burn it!

THE CONDITION *WE HAVE SO ENSLAVED THE REST OF ANIMAL CREATION, AND HAVE TREATED OUR DISTANT COUSINS IN FUR AND FEATHER SO BADLY THAT BEYOND DOUBT IF THEY WERE EVER TO FORMULATE A RELIGION, THEY WOULD DEPICT THE DEVIL IN HUMAN FORM. THE FIRST CLIMBLY TOYS ARE ANIMALS. BUT USUALLY, WE ARE TAUGHT TO DISKIN OURSELVES BETWEEN DIFFERENT TYPES OF ANIMAL IN THE SAME WAY AS WE SEE IN THE PICTURE OF 'CONTENTED' COWS AND FARMYARD CHICKENS AND KNOWING METHODS WHICH ACTUALLY PRODUCE THE PRODUCT. OUR FIRST CLIMBLY TOYS ARE ANIMALS. BUT USUALLY, WE ARE TAUGHT TO DISKIN OURSELVES BETWEEN DIFFERENT TYPES OF ANIMAL IN THE SAME WAY AS WE SEE IN THE PICTURE OF 'CONTENTED' COWS AND FARMYARD CHICKENS AND KNOWING METHODS WHICH ACTUALLY PRODUCE THE PRODUCT.

Let's dance Australia

the wimmin say:
 i refuse henceforward
 to speak this language
 i refuse to mumble
 after them the words
 lack of penis lack of
 money lack of insignia
 lack of name. i
 refuse to pronounce
 the names of possession
 and non-possession.
 They say, if i take over
 the world, let it be to dispossess
 myself of it immediately, let it be
 to forge new links between myself
 and the world.
 Monique Wittig

The speak together of the threat they
 have constituted towards authority, they tell
 how they were burned on pyres to prevent them
 from assembling in future. They were able to
 command tempests, to sink fleets, to destroy armies.
 They have been witnesses of poisons of the winds of the will.
 They were able to exercise their powers at will and to transform
 all kinds of persons into animals, geese pigs birds turtles. They
 have ruled over life and death. Their conjoint power has menaced
 hierarchies systems of government authorities. Their knowledge
 has competed successfully with the official knowledge to which
 they had no access, it has challenged it, found it wanting,
 threatened it, made it appear inefficient. No police were
 powerful enough to track them down, no paid informer so
 as to attack them one by one and destroy them. Then they
 chant the famous song that begins, Despite
 all the evils they wished to crush
 me with / remain as steady
 as the three-legged
 cauldron.
 Monique Wittig

1	2	3	4	5	6	7	When we plant, when we weave, when we write, when we give birth, when we organise,
8	9	10	11	12	13	14	when we heal, when we run through the park while the redwoods sweat mist when we do what we are afraid to do, we are not separate.
15	16	17	18	19	20	21	We are of the world and of each other and the power within in us is a great, if not invincible power. Though
22	23	24	25	26	27	28	we can be hurt, we can heal. Tho' each one of us can be destroyed, within us is the power of renewal. And there
29	30	31					is still time to choose that power.

starhawk

JULY '89

"He looked a wise, very wise old sage as he sat there waiting to help people."
(Nan The Ant).

TO ACCEPT OLD PERSONS AS BEING WORTHWHILE AND EQUALLY VALUABLE IN OUR SOCIAL SUPPORT SYSTEMS AS THE WAGE SLAVE (IS SEEN BY THE FACTORY OWNER) IS TO REFUTE THE CAPITALIST ETHIC AND ITS HUMANLESSNESS.

"... a Mexican household with each generation fulfilling its function in a house large enough to contain all" And there was such a time once, pre-capitalism and Industrialization, that all people cared for each other and each person was seen for his or her own merits and not as just a cog in the vast apparatus of the ruling classes money making, power seeking tentacle-vice-like grippers. Older people were seen as the generators of knowledge of life, growing things, social order..."

run

A social structure based on profit and consumerism has seen that the aged have become a class of dispossessed persons: Valueless in the eyes of the factory owners and money makers
